Work Experience

Attachment

Ministry of Mining (Madini House) | February - May 2021

- Worked in the Cadaster office and helped in issuing of licenses and permits.
- Worked in the exports office, approved and oversaw mining exports at JKIA
- Worked closely with geologists at the geochemical lab and lapidary and did analysis of different rock samples.

Attachment

Ministry of Public Works and Infrastructure | August - October 2019

- Worked in the mechanical department, where I learned a lot about heavy machinery such as bull dozers and graders.
- Worked in the regional materials testing lab.
- Worked on Civil Engineering works and designs using AutoCAD.

Data Collection

Kenya Urban Roads Authority (KURA) | July 2017

- Was responsible for data collection for the construction of the Shauri- Kamiu Road.

Academic History

Jomo Kenyatta University of Agriculture and Technology (JKUAT)

BSc. Mining and Mineral Processing Engineering

September 2016 - December 2021

-Active Member of the Swimming Team

Microsoft Technology Assistant (MTA)

February - April 2021

-HTML, CSS, JAVASCRIPT, PYTHON

CCNA 1 &2 | APRIL - JULY 2016

Kyeni Girls' High School, Runyenjes, Embu

2012-2015

-KCSE (A-)

-Participated in the Kenya Science Fair (KSEF) in the Categories Food and technology (2014) and Energy and Transportation (2015) winning in all levels up to regionals.

-Participated in swimming competitions.

-Joined and participated as a Girl ranger.

Volunteering

Clerk

Interim Electoral and Boundaries Commission(IEBC) | October 2017

- Worked as the queuing clerk for my assigned polling centre.

Clerk

Interim Electoral and Boundaries Commission(IEBC) | August 2017

- Worked as the clerk number 5 for my assigned polling centre.
